#### Description

This long established and profitable Local Trucking Company has firmly entrenched itself in a niche market. With only a few 30-year customers and only a few local destinations, it transports new products to and from local facilities. Its drivers only drive – loading and unloading and documentation are done by others. The current owner only works about 2 days per week, creating a good opportunity for profit improvement by a new Owner/Operator possessing a Class AZ license. Or, this would be an excellent addition to someone already in a similar business. This is an attractive destination for skilled and experienced drivers, as they are home every night and every weekend. The business is supported by substantial tangible assets, including four trucks and nine trailers.
